TOWNE TALKS "Just for Fun" By RAS BERRY

I see by the Sunday papers that a little college back east by the name of Amherst win a football game. Famous graduates of this here little college which is known as the cradle of presidents is J. W. Post, president of the 1st. Nat'l bank, president of the Women's Club of Torrance and past president of the York county society, and Calvin Coolidge, president of the United States.

I got a postal card from Bill Nye who is back in Indiana on his vacation. Bill's card has on it a picture of a woman who looks like the woman who wrote Ben Hur. That reminds me of a gal I once knewed, who was so dumb she thought Ben Hur was a man who used to be a woman.

Bart Barton, auditor over to the Nat'l Supply has taken up golf so as he can make sense out of Al Witt's talk.

I always feel kind of sorry for a guy which has just took up golf. He has got to listen to advice from everybody. Even me I was showing Bart how to grip his club demonstrating the grip on a 18-inch ruler while he copied it on a screw-driver. And we wondered who the gink at the next desk was laughing. Bart from now on will have to listen for hours to Al Witt and Riggsy about something outside of Nat'l Supply business.

Personal I have not played golf on the links all summer and the reason is that I play it too much in local industry offices. Every time Bill Nye calls up for a pig order why I go down and him and me play from 13 to 38 holes by word of mouth. That if I ever went to the Nat'l Supply to see Eddie Guest or Lomie Lohmeyer why we play about 18 more the same way and I go home all tired out. Now that Bart Barton has taken up the game I will probably play as high as 72 holes per afternoon when business is good.

A new gullifer is more interested in how to cure his slice than he is in who will be president.

It takes a long time to get a car washed and give mine to the lad to have it washed and he ran into Jawn Fess and knocked Jawn up into a tree. Jawn says it was okay but he didn't have no groceries to deliver to the birds.

Buck Buxton has got a nice new pair of light colored pants which he wears on Sunday and on his coat is a Hoover button. Buck says they both indicate prosperity.

Spud Murphy is rapidly recovering at the hospital where he got stuck after a nervous breakdown suffered when that Utah flash run for a touchdown from the kickoff against U. S. C. A bull-etin from the hospital says Mr. Murphy has cancelled all football wagers for the ensuing season. The surgeon removed his bankroll, which deprives others of the pleasure of performing the operation. Hank Ulbright says U. S. C. should ought to stand for Utah Shows Class or Usurping Spud's Cash.

Mr. Murphy is well known in Torrance and vicinity as the gentleman who profited last yr. by his errors.

Introducing the famous quadruple forward pass: Murphy to Ketchum to Debra to Post. The last-named is the greatest receiver among the football kibitzers.

You borrow a dollar and give him the dollar and a quarter back. A lot of the football kibitzers is practicing end runs. They come to the end of their bankroll balance, Bob Delinger calls the signals and they run for a touchdown at the receiving wicket.

If tackled before reaching the goal somebody gets throwed for a loss. Uncle Danny Ensign is the smallest guard on record but he's there with the safeties.

Club Holds Opening Meet

Women's Organization Starts Year's Work with Fine Program

The opening meeting of the Women's Club was held on Wednesday at the clubhouse. A delightful luncheon, at which there were present as guests of honor the heads of the different women's societies of Torrance. Bowls of beautiful cosmos centered the tables.

At the close of the luncheon, a surprise was given the club members when Mrs. W. M. Brooks, president of the club presented Miss Edith Harshman, assistant secretary of the Chamber of Commerce, who represented the Chamber of Commerce with a "Diploma of Distinction" from the Pacific Southwest Exposition which was awarded to the booth at the exposition for the manner in which the guests at the booth were greeted, the manner in which the booth was kept and for the display it contained. The diploma was sent to the Women's Club as they were in attendance at the booth, there being two and some times three club members in attendance at the

booth every day during the thirty-nine days of the exposition. The presentation of this diploma at this time was very fitting as the main object of the club is the "upbuilding of the community" and the afternoon was given to the community service chairman.

The Girls' Glee Club from the Torrance High School sang "Home-Coming," "My Curly Headed Baby" and "Song of Songs." Miss Lois Lindeletter was the director with Miss Grace Buck at the piano.

James H. Van Law, a member of the Los Angeles Bar Association, was the speaker of the afternoon. His topic was "Community Service."

Mr. Van Law stated that he was the only representative of the men present and he could uphold the reputation of men.

Mr. Van Law's mother was one of the first presidents of a federated club in Iowa and community service was one of the fundamental things taught in his home. He stated that he had come at the request of the Los Angeles Bar Association, a group of lawyers who stand for the upbuilding of the legal status of the community. There have always been three great professions, the clergy, the lawyers and the doctors. Our laws have a great deal to do with community life. Until about seventy years ago the law protected the individual. Then the pendulum swung the other

workmen's protective law, the child labor law, and the zoning law. He spoke of the reasons why the Los Angeles Bar association was endorsing Judge William C. Doran for Judge of the Superior Court against Judge Georgia Bullock. He spoke of the good work Judge Bullock has done in the women's municipal court with the wayward and delinquent girls.

The various chairmen in giving their reports of their departments, showed that they had begun their work with the opening of the club year.

Mrs. Frank Sammons spoke of the plan of the club to put some style of a mechanical musical instrument in the clubhouse so that the young people of Torrance may have a place where they may dance without leaving town.

Mrs. George D. Watson announced a costume dance to be held at the clubhouse on the evening of October 19 and Mrs. J. F. Stone announced a bridge luncheon to be given on November 2. Mrs. Hurum Reeve announced that a membership drive would be conducted during October and that six months' dues would be presented to all who paid the five dollar initiation fee during October.

Mrs. O. F. Fossum, program chairman, presented Miss Ella May Ott who gave two readings and Herman Hadler and Edwood Clark who gave two violin solos with Miss America Hadler at the piano.
